

DAWSON

HB LED HIGH-BAY LIGHT

D-HB25

The fixture produce an high output up to 190lm/w ,various beam angle 60°90°120°, ensuring light is directed downwards in high bay applications.
The heat sink featured with best design for heat radiation, support a working condition in 65°C.

- No dust accumulation design, better heat dissipation.
- Well-sealed with dust tight and waterproof rating of IP65.
- Multiple mounting options.
- Super high efficacy up to 140-150 lm/w.

65°C Applications Available

Emergency Backup Solution

Integrated Motion Sensor Available

Better Heat Dissipation

SPECIFICATIONS

Part Number	D-HB25-100	D-HB25-150	D-HB25-200
Lumen Output	15,000lm	22,500lm	30,000lm
Wattage	100W	150W	200W
Luminous Efficacy	150lm/W		
CCT	3000K, 4000K, 5000K		
Temperature Range	-30 ~ +60°C		
Input Voltage	220-240VAC, 50-60Hz, Power Factor ≥ 0.9		
IP Rating	IP65		
Life Span	45,000 Hours		
LED Driver	Philips		
LED Type	LUMILEDS
